

Knudsen Kilen A/S

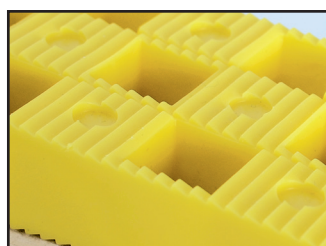

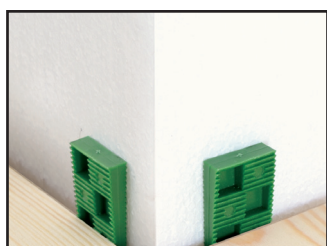

Wedges

Wedges

An Economic and Efficient Solution...

- Fast and easy handling
- Not affected by damp, dry, rot or mould
- Inexpensive and timesaving to use
- Produces no toxic fumes in fires
- Produced in accordance with ISO 9001 : 2000

Danish building industry has used Knudsen Wedges for more than 25 years.

Knudsen Wedges ensure a solid base that can bear heavy loads without sag and are therefore recommended by leading floor manufacturers.

The sharp, staggered saw teeth give precise and non-slip blocking-up – also sideways.

Knudsen Wedges are made from high quality PE (polyethylene), with additives that ensure service life and optimal strength without deformations.

Extensive documentation with independent test reports for pressure load, step sound and ageing are a safeguard against expensive claims – now and in the future.

	H	W	L	Max. Load kg		Pcs. / Box / Pallet			Item No.
	mm	mm	mm	100%	35%				
									
	10	30	80	200	80	1000	32	1	910200080
